

15.0410 URGENT - Police appeal

Northants Police have phoned to say they have seen a very large increase in vehicle theft and associated crime in the Northants area within the last 24 hours.

They are appealing to everyone to be on the lookout for anything even slightly suspicious in the neighbourhood. It could be vehicles driving along very slowly, unknown vehicles parked in a rather unusual place, strangers walking about taking what may seem undue interest in vehicles and/or property ~ anything you feel isn't right!!!

The Police are keen to get make and model of vehicles and, especially, if at all possible the registration number. A description of persons would also be helpful.

Please pass the word around as much as possible and report immediately to Northants Police on 03000 111 222 --- if a crime is actually taking place then call 999, or anonymously to Crimestoppers on 0800 555 111

Grateful any reports are also copied to nhw@walgrave-village.co.uk.

Remember: if you have to look twice, report it.
