ASB in Walgrave

Cooperation between residents and Police

On the evening of 30 September there were three separate reports of ASB in the area of Gold Street, Amber Drive and Top Green - with foodstuffs (flour & tomato paste/tomatoes in a bag) being thrown at windows.

It was reported that there were three youths aged around 14-15 years, one having bright ginger hair and one wearing a hoodie with a number on it.

Following the circulation of this information, photographs of the suspected culprits were handed to the Police Safer Community Team (SCT) at Brixworth. The SCT made further enquiries; the suspects were identified and then interviewed at home with their parents.

As a result of this cooperation between Walgrave residents, NHW and the local SCT, hand written letters of apology have now been delivered to the residents whose property was affected.

If you have been affected by similar incidents of ASB but have not reported them, please consider doing so now. Together we can drastically reduce or even stamp out this mindless anti-social behaviour in our parish.

If anyone has information on any ASB incidents, please call Northants Police on 101 or Crimestoppers on 0800 555 111 as soon as possible.
