

Desborough: Police urge people to be on their guard after distraction burglary yesterday

Added: 06/08/2010

Police are urging people to be on their guard, after a distraction burglary took place in the Desborough area yesterday, just before 1pm.

A white man purporting to be from the water board gained entry to a property and stole from the householder.

Police are issuing the following advice:

- Ensure your home is secure
- Look out for your neighbours
- Don't let anybody into your home if they haven't made a prior appointment
- Don't let anybody in if they don't have identification and call the company to check they are who they say they are
- If in doubt, call 999

*** Possibility this trick was also tried in Walgrave yesterday afternoon.
