

ANOTHER TELEPHONE SCAM

Yesterday (12th March) a Walgrave resident had a call from 'BT' yesterday to asking them to renew their block on the phone for hoax calls and international calls!

They wanted debit card details - when refused the phone went down! A quick call to BT and they assured the caller it was not BT. BT said they would always bill the customer and would never ask for debit/credit card details.

Just goes to show how alert we must be! Of course, 'BT' can be substituted with any number of other national organisations that you may belong to.

NEVER give your card details to cold callers or if you have any doubts at all.
